

You are cordially invited to join us on
November 7 from 6-9pm
for the opening reception of
**The Viewfinder Project's
first-ever exhibition at the
Harrison Center for the Arts
in Gallery No. 2.**

We will be exhibiting the photography of students from Shepherd Community & Herron High School here in Indianapolis as well as those living near Cape Town, South Africa.

The Viewfinder Project uses photography to help students "see life differently," challenging them to use creative thinking in becoming community change makers. The Viewfinder Project is a 501(c)(3) organization. The Harrison Center for the Arts is located at 1505 N. Delaware, Indianapolis, IN 46202.

I hope you can join us for this momentous occasion!

MaryBeth Jackson
Director, The Viewfinder Project
